Oasia Hotel Downtown

It's impossible to miss Oasia Hotel located in the heart of the Downtown district in Tanjong Pagar. The red facade of the building is wrapped around with greenery which stands out among the concrete and glass skyscrapers in the area. Definitely a sight for sore eyes and a good note to kick off any type of celebration, including your birthday. To add to the appeal, Oasia Hotel offers special perks if you book a room during your birthday month!

You can get a free upgrade from a Deluxe Room to a Club Room if you book a stay during your birthday month. Simply subscribe to their [mailing list](#) before making your booking and voila, you get a free room upgrade for your birthday staycation! We think it's well worth the mailing subscription considering Club rooms cost at least approximately \$60/ night more! And the additional perks that come with a Club Room make Oasia sound like an absolute paradise.

With the birthday staycation offer, you will be able to receive complimentary breakfast for 2 for every day of your stay, evening cocktails, access to the club lounge and more! These benefits seem too irresistible to refuse for your birthday celebration.

If you're looking to unwind during your birthday staycation, Oasia not only has 1 but two outdoor rooftop pools! These pools provide a splendid view of the surrounding CBD area and city skyline. However, if you want to turn it up a notch, you can visit the hotel bar which has DJs spinning some upbeat mixes on Thursday and Friday nights.

Rendezvous Hotel Singapore

Rendezvous Hotel rests in the heart of the arts and culture district: Bras Basah. The hotel faces the School of the Arts (SOTA) and is within walking distance of a few museums in the area. Rendezvous Hotel is also under the same umbrella company managing Oasia Hotel Downtown. Similarly, you can subscribe to their mailing list and get a free upgrade to a Club Room for a stay during your birthday month and enjoy the same benefits.

One of the perks included which I believe is perfect for a birthday staycation is a complimentary minibar which is replenished daily in the Club Room. So no need to worry about getting copious amounts of alcohol just to get the party started. Plus, another theme unique to the hotel is the retro and colonial architectural style of the building and its surrounding area. Despite being enclosed by other modern-looking architecture (SOTA and Singapore Management University), Rendezvous retains a classy facade which is less common in Singapore.

It would be a waste not to explore Bras Basah which is renowned for its arts scene. Nearby museums include the National Museum of Singapore, the Luxe Art Museum and MINT Museum of Toys to name a few.
